The 'Alliance' was created in 1993 to help the martial arts industry grow by working with **all styles**. Instructors now communicate between each other more freely through our network. Government recognised qualifications are now giving instructors more skills, credibility and contribute to their professionalism thus attracting more students for them.

Your **annual subscription** is what ensures our participation in promoting and protecting the industry **so help us, help you** by being a financial IMA member every year.

When filling out this form please attach a short martial arts resume of your skills and copies of any relevant qualifications, (black belts / certificates etc). **If you change your** address/email please let us know so we can keep you in the loop.
