Dear Instructor,

Embarking on your next Dan grade should be a very memorable occasion, the culmination of years of hard training and sacrifice. To that end, it's important that you have the opportunity to be assessed by competent and experienced masters, people who you respect and will, in turn, respect you for your courage and dedication.

By doing it through us the atmosphere and environment will be inspiring in our newly-created traditional dojo and TV studio. We will create a panel with some of the best and most respected masters in the country. Participants will train with the masters on the panel in the morning and alongside the other instructors in the afternoon for their assessment. Each participant will lead the group as a teacher, demonstrate their art and be directed by the panel. The panel will be there to witness, encourage, direct and assist in the growth of each instructor whilst evaluating their skills and knowledge in order to award the appropriate grade.

We will arrange the panel of masters however you can make recommendations for yourself and we will request their participation if possible. We will also supply the venue and advise on accommodation. Our grading fee incorporates the cost of running the event plus covers the expenses of the masters on our panel. Grading fees will include the seminar, lunch, certificate, belt and video of your performance. Participants can appear as a guest on our TV program and will also receive a special rate if they wish to create an instructional DVD.
